Dear Goran,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#1**. That puts you in the **top 0.1%** of every agent working this region. **690 agents** are behind you.

64 active listings. $40.2M in estimated portfolio value. Median listing price of **$499K**, with a range from **$39K** to **$3.0M**.

You personally account for **98%** of **Remax Care Realty Brokerage**'s entire listing inventory. There are 2 agents from your brokerage in the top tier, and you're carrying the weight.

You're active across **Windsor, Chatham Kent, Lakeshore**. Median listing of **$499K** — range from $39K to $3.0M. You serve the full spectrum.

Your highest listing sits at **$3.0M**. The client spending $3.0M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Dear Doris,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#13**. That puts you in the **top 1.9%** of every agent working this region. **678 agents** are behind you.

9 active listings. $10.0M in estimated portfolio value. Median listing price of **$1.1M**, with a range from **$175K** to **$2.4M**.

5 of your 9 listings are in Lasalle, but you're also active across Chatham Kent, Tecumseh. That kind of range tells me you're not a one-market agent.

Your highest listing sits at **$2.4M**. The client spending $2.4M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Dear Toufic,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#36**. That puts you in the **top 5.2%** of every agent working this region. **655 agents** are behind you.

6 active listings. $4.8M in estimated portfolio value. Median listing price of **$662K**, with a range from **$499K** to **$1.6M**.

You represent **17%** of Real Broker Ontario Ltd Brokerage's active listings — one of the top producers in an office of 18 agents.

4 of your 6 listings are in Windsor, but you're also active across Lasalle. That kind of range tells me you're not a one-market agent.

Your highest listing sits at **$1.6M**. The client spending $1.6M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

(226) 773-2993

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Dear Chris,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#48**. That puts you in the **top 6.9%** of every agent working this region. **643 agents** are behind you.

6 active listings. $10.5M in estimated portfolio value. Median listing price of **$1.7M**, with a range from **$500K** to **$4.0M**.

Your portfolio is concentrated in **Kingsville**. You own that market.

Your highest listing sits at **$4.0M**. The client spending $4.0M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

(226) 773-2993

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Dear Hanan,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#60**. That puts you in the **top 8.7%** of every agent working this region. **631 agents** are behind you.

5 active listings. $2.1M in estimated portfolio value. Median listing price of **$430K**, with a range from **$250K** to **$650K**.

Your highest listing sits at **$650K**. The client spending $650K on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Dear Asmar,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#73**. That puts you in the **top 10.6%** of every agent working this region. **618 agents** are behind you.

4 active listings. $3.6M in estimated portfolio value. Median listing price of **$914K**, with a range from **$299K** to **$1.5M**.

2 of your 4 listings are in Lasalle, but you're also active across Windsor, Amherstburg. That kind of range tells me you're not a one-market agent.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

Dear Paige,

I took the time to go through every active residential listing across Windsor-Essex and Chatham-Kent. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **691 licensed agents** in this market, you rank **#86**. That puts you in the **top 12.4%** of every agent working this region. **605 agents** are behind you.

4 active listings. $8.4M in estimated portfolio value. Median listing price of **$1.9M**, with a range from **$1.1M** to **$3.5M**.

You personally account for **50%** of **Match Realty Inc. Brokerage**'s entire listing inventory. There are 3 agents from your brokerage in the top tier, and you're carrying the weight.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

Out of **691 licensed agents** in this market, you rank **#100**. That puts you in the **top 14.5%** of every agent working this region. **591 agents** are behind you.

4 active listings. $2.6M in estimated portfolio value. Median listing price of **$620K**, with a range from **$430K** to **$940K**.

2 of your 4 listings are in Kingsville, but you're also active across Leamington, Essex. That kind of range tells me you're not a one-market agent.

That's not a small thing. In a market of 691 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Windsor-Essex and Chatham-Kent — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with a lot of realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:
