Dear Faisal,

I went through every active residential listing across Kitchener, Waterloo, Guelph, and Cambridge. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **539 licensed agents** in this market, you rank **#1**. That puts you in the **top 0.2%** of every agent working Waterloo Region. **538 agents** are behind you.

56 active listings. $34.9M in estimated portfolio value. Median listing price of **$581K**, with a range from **$290K** to **$2.5M**.

You personally account for **100%** of **RE/MAX TWIN CITY FAISAL SUSIWALA REALTY**'s entire listing inventory. There is from your brokerage in the top tier, and you're carrying the weight.

You're active across **Waterloo, Kitchener, Cambridge**. Median listing of **$581K** — range from $290K to $2.5M. You serve the full spectrum.

Your highest listing sits at **$2.5M**. The client spending $2.5M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

(226) 773-2993

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Your highest listing sits at **$1.1M**. The client spending $1.1M on a home expects the move to feel organized, professional, and protected from start to finish.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

- **15% off their move** when referred by you
- Full-service packing, wrapping, and furniture assembly available
- A **dedicated move coordinator** for every job — one number for your client to call
- Real-time updates on move day, so you're never left guessing
- **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

Dear Lori,

I went through every active residential listing across Kitchener, Waterloo, Guelph, and Cambridge. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **539 licensed agents** in this market, you rank **#52**. That puts you in the **top 9.6%** of every agent working Waterloo Region. **487 agents** are behind you.

3 active listings. $2.1M in estimated portfolio value. Median listing price of **$600K**, with a range from **$380K** to **$1.1M**.

You're active across **Kitchener, Woolwich, Waterloo**. Median listing of **$600K** — range from $380K to $1.1M. You serve the full spectrum.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

Dear Paul,

I went through every active residential listing across Kitchener, Waterloo, Guelph, and Cambridge. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **539 licensed agents** in this market, you rank **#65**. That puts you in the **top 12.1%** of every agent working Waterloo Region. **474 agents** are behind you.

3 active listings. $1.6M in estimated portfolio value. Median listing price of **$400K**, with a range from **$397K** to **$825K**.

You personally account for **50%** of **GRAND WEST REALTY INC., BROKERAGE**'s entire listing inventory. There are 2 agents from your brokerage in the top tier, and you're carrying the weight.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

1 of your 2 listings are in Kitchener, but you're also active across Guelph. That kind of range tells me you're not a one-market agent.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

Dear Soraia,

I went through every active residential listing across Kitchener, Waterloo, Guelph, and Cambridge. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **539 licensed agents** in this market, you rank **#92**. That puts you in the **top 17.1%** of every agent working Waterloo Region. **447 agents** are behind you.

2 active listings. $938K in estimated portfolio value. Median listing price of **$469K**.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

Dear Chris,

I went through every active residential listing across Kitchener, Waterloo, Guelph, and Cambridge. Every agent, every brokerage, every price point, every neighbourhood. And your name kept coming up.

Out of **539 licensed agents** in this market, you rank **#106**. That puts you in the **top 19.7%** of every agent working Waterloo Region. **433 agents** are behind you.

2 active listings. $1.3M in estimated portfolio value. Median listing price of **$660K**.

1 of your 2 listings are in Waterloo, but you're also active across Kitchener. That kind of range tells me you're not a one-market agent.

That's not a small thing. In a market of 539 agents, most are working with a handful of listings. You're operating at a completely different level, and that doesn't happen by accident.

We handle moves all across Waterloo Region — local, long-distance, full-service packing, wrapping, and furniture assembly. Every job carries **$2M in liability coverage**. We already work with realtors across the region. I wanted to reach out because I think there's a real opportunity for us to work together.

Here's what I'd offer your clients, exclusively through you:

• **15% off their move** when referred by you

• Full-service packing, wrapping, and furniture assembly available

• A **dedicated move coordinator** for every job — one number for your client to call

• Real-time updates on move day, so you're never left guessing

• **Priority scheduling** around closings whenever possible

When one of your clients needs moving support, just send them our number or submit their details through our partner page:

(226) 773-2993

We'll tag the referral under your name, apply the preferred client discount, and handle everything from quote to move day. No paperwork. No pressure.

P.S. — I already work with a few agents at your level in this market. Happy to share what's been working for them. No strings.
